

# CISM REVISION WORKSHOP

6<sup>th</sup> – 8<sup>th</sup> May 2009

For candidates sitting the CISM examination in June 2009, the London Chapter is pleased to offer our popular **CISM Revision Workshop**. This non-residential 3-day course on Wednesday to Friday 6 – 8 May 2009 is at the premises of Quorum Training (5th Floor, Tavistock House, Tavistock Square, London, WC1H 9TW – nearest tube stations are Euston and Russell Square).

The workshop leader will be Roger Southgate, past President of the London Chapter. Roger is a very experienced trainer and has delivered training courses in the UK and overseas.

A maximum of 6 delegates can be accommodated.

## **The CISM Revision Workshop**

This intensive workshop provides an excellent opportunity to clarify the thought processes when working under pressure. The format is primarily a review of the task and knowledge requirements for each CISM domain, as contained in the CISM Review Manual, followed by a scaled down 'mock' examination with a discussion on the 'correct' answer to each question. Some time is also allocated for examining the structure of a CISM question and discussing a generic approach to help identify the appropriate answer. This not only hones the delegates' examination technique, but also provides for lively discussion.

**It is emphasised that this is a revision course i.e. an opportunity to go over work already done prior to taking the exam; it is not a course of study. Delegates are expected to have previously studied and absorbed the subject matter covered in the CISM Review Manual. Delegates will be asked in advance to identify any specific areas of the CISM Review Manual that they would like to focus on during the workshop**

The actual CISM examination is scheduled for Saturday 13 June 2009 so delegates will have over a month to address any weaknesses identified during the workshop.
