

# CISA Revision Workshop

## 26<sup>th</sup> – 28<sup>th</sup> May 2010

For candidates taking the CISA examination in June 2010, the London Chapter is pleased to offer our popular **CISA Revision Workshop**. This non-residential 3-day course on 26 – 28 May 2010 will be held at a central London location.

The workshop leader will be John Mitchell who is a past President of the London Chapter. John is a very experienced trainer and has delivered training courses in throughout the world. He is also a recipient of ISACA's prestigious John Kuyers award for best ISACA conference contributor.

A maximum of 20 delegates can be accommodated. This course is usually fully subscribed, so please book your place early to guarantee your place.

### **The CISA Revision Workshop**

This intensive workshop provides an excellent opportunity to clarify the thought processes when working under pressure. The format is primarily a review of the task and knowledge requirements for each CISA domain, as contained in the CISA Review Manual, including test questions with a discussion on the 'correct' answer to each question. Some time is also allocated for examining the structure of a CISA question and discussing a generic approach to help identify the appropriate answer. This not only hones the delegates' examination technique, but also provides for lively discussion.

**It is emphasised that this is a revision course i.e. an opportunity to go over work already done prior to taking the exam; it is not a course of study. Delegates are expected to have previously studied and absorbed the subject matter covered in the CISA Review Manual.**

The actual CISA examination is scheduled for Saturday 12 June 2010 so delegates will have a few weeks to address any weaknesses identified during the workshop. CISA Revision Workshop attendees consistently achieve a higher pass rate than non attendees.

### **CPE Credits**

The workshop is worth 22.5 hours continuous professional education credits for those who are CISM or CGEIT Certified.

**Minimum Numbers:** ISACA London Chapter reserves the right to determine the minimum number of applications required to ensure the viability of all courses without prejudice or liability for the payment of cancellation fees or expenses. The London Chapter reserves the right to cancel in the event that the minimum numbers are not met and will notify all participants of the decision one week before the commencement of the course and refund the participants all amounts paid.
