

Change for the Better

Tuesday 18th October

Have you ever wondered why change in your organisation often fails?

Why, despite your best efforts do people resist change?

Why old processes and systems never seem to go away?

If you have answered yes to any of the above, then this seminar will be a valuable use of your time. It will bring you real benefits in your day job, whether you are in:

- Senior Management
- Project Management
- Internal Audit
- Compliance Management
- Line Management

This seminar will help you express your point of view convincingly, teaching you persuasive and communication techniques to achieve your intended outcome.

The techniques you will learn from this seminar can be useful for many roles within an organisation.

You will learn how to:-

- ✓ *Understand why people resist change.*
- ✓ *Influence people so that they are willing to support change.*
- ✓ *Use language which influences people.*
- ✓ *Motivate people to change.*
